Exuberant

This acoustic group plays a wide and tasty range of rootsy and exuberant American popular music. It's all great to listen to and fun to dance to! From festivals to private parties, Razzemetazz's fresh sounding repertoire goes with everything!

Inspiring

The color of their energetic sound is like their taste in repertoire: sweet and melodic yet personal and powerful. A singing flute weaves around a powerful vocal, all over a propelling combo of swinging rhythm guitar and driving drum set. The next tune can feature mandolin or violin on a swung Bluegrass song with twangy vocals. For private parties, Beatles songs and Latin classics like Cha Cha and Bossa Nova are also available.

Flexible and affordable

We fit the band's size to your budget, needs, and interests. Razzemetazz can be as small as a duet or as large as a mini big band.

Dance instruction

To get your guests into the swing, we offer fun basic couple dance instruction, on the spot, in swing, foxtrot, waltz, and polka. For couples who want to learn how to do basic, ballroom style couple dances, especially for their first dance, we offer private tutoring at very reasonable prices taught by a husband - wife dance instructor team who make dancing easy for everyone.
